works of art (can) offer insights — in who we are.

works of art (can) elevate the spirit — yours and mine.

works of art (can) reveal truths — for which we have no words.

works of art (can) change minds — and hearts.

works of art (can) define beauty — and establish it for us.

works of art (can) take you out of your world — and make you find yours.

works of art (can) give order — and defy chaos.

works of art (can) make your life sing.

— i hope that my best efforts will do some of these.
